Citrix Upgrade Technical Workshop

Long Term Service Release
Coming Q3 2017
Are you ready?

Planning for this Q3 2017 Citrix LTSR? We can help!

Logicalis offers a no charge technical workshop for healthcare Citrix customers to help you prepare for the upcoming new release. This release is certified as stable by Citrix and fully supported by your EHR.

The workshop will cover how to:

- Validate that your Citrix deployment is optimized
- Evaluate your performance
- Assess your readiness for the upgrade
- Discuss pros/cons of Assess & Redeploy, vs. Maintain
- Discuss Best Practices

Our Citrix practice specializes in helping hospitals optimize their EHR.
