

IT Rating Calculator

What type of rating will your next IT request receive from your CFO? Use our calculator to find out. Projects scoring over 80 have highest statistical odds of approval.

INSTRUCTIONS

1. Enter your project name
2. Enter the name of the person rating the project
3. Enter the ROI (we suggest an ROI spanning 3 years)
4. Select a response for each criteria
5. Enter a brief description supporting your selection
6. See your "Project Rating" calculated score
7. Print out the completed page for your CFO

Identification Criteria	Response	Overall Weight	Your Score	Weighted Score	Explanation of rating choice
