

IBM SOLUTIONS ALONG WITH LOGICALIS ARE FOCUSED ON CREATING INFRASTRUCTURES AND SYSTEMS THAT CAN UNLOCK YOUR CORE INNOVATIVE ENERGIES.

IBM SOLUTIONS

Logicalis is a Premier IBM Partner, providing a complete range of IBM-based offerings, supported by the services you need to design and implement the right solution, put it into production rapidly, and support and maintain it flexibly and cost-effectively.

You need a responsive business partner that has expertise and experience with IBM products and the ability to integrate your IBM solutions with all of your critical hardware and applications. Logicalis is that partner, helping organizations around the globe achieve a competitive edge.

BRIEFING CENTER

Located in Lisle, IL, and Green Bay, WI, the Logicalis IBM Briefing Centers are combined briefing centers and technology labs available to our clients and strategic partners. Each center includes stylish executive meeting facilities and hands-on classrooms that provide access to the latest IBM and complementary software and hardware. We have on-site technology experts, IBM-certified specialists, and facilitators to help make your session successful.

Bring in your team for a technology briefing, planning session, configuration testing, training, or benchmarking to help you move your technology plans toward your goals. Many of these capabilities are also available remotely for demos from your location.

INTEGRATION CENTER

Our Intel Server Integration Center in Indianapolis, IN, was created to offload the issues of Intel Server receiving, inventory, integration, burn-in, and testing management. We can also work with you to stock hard-to-find-parts. With this center, we turn Intel server pieces and parts into turnkey solutions, allowing you to focus your attention on running your business.
